INTREN is an award-winning WBE specialty contractor that serves the nation’s largest utilities, private contractors and developers, municipalities, and cooperatives. Every project we do is completed with a keen focus on safety and quality.

Though our work usually varies in size and scope, INTREN crews specialize in turnkey, custom electric utility solutions for large-scale design/build ventures. From overhead and underground installations and repairs to ongoing maintenance, design, and upgrades, our experience allows us to expertly provide crucial services to customers.

OUR UNDERGROUND CAPABILITIES INCLUDE:

- Underground residential distribution (URD)
  - Trenching, plowing, boring, and terminating services
  - Main line trenching, setting, terminating, and livening
  - Street lighting
  - Turnkey cable replacement
  - High voltage
  - Maintenance
- Heavy underground network systems
  - Manhole and duct installation
  - Manhole structural and electrical inspections
  - Cast-in-place manholes and vaults (new construction and complete replacement)
  - Manhole roof and wall replacement
  - Vault roof repair and replacement
  - Cable pulling and splicing
  - Flagging, shoring, frames, and covers
  - Manhole pumping and cleaning
  - Maintenance
  - Facility relocation
- Distribution fault repair
  - Turnkey fault repair program that includes work planning, excavating, repairing, switching, and restoring primary, secondary main, service, and street light fault types
- Directional boring
  - Direct cable installation
  - Cable and conduit poly pipe installation

OTHER ELECTRICAL SERVICES:

- Transmission
- Substation
- Overhead distribution
- Storm and emergency response
- Specialty services

FEATURED PROJECT

INTREN completed construction for a capacity expansion project in a major city that required the installation of a new 12 kV underground line. This entailed 155 splices in nine underground 12 kV feeders and 55 manholes. Each of the project’s tasks was dependent upon the successful completion of the previous one and resulted in the need to create new maps, as the maps used prior became inaccurate as the project progressed. INTREN was awarded this project due to our ability to manage its complexity and quickly offer innovative solutions.
INTREN is changing the face of construction. We’ve been outperforming for our customers for 30 years—integrating our core values into the way we do business and serving as stewards of our customers’ goals.

SAFETY
INTREN is committed to achieving best-in-class safety every single day. It’s what sets us apart. We reach toward our company-wide commitment of “target zero” through comprehensive safety protocols, along with ongoing and extensive education, training, and collaboration. Safety is about caring for our employees, our clients, and the customers they serve.

QUALITY
The INTREN customer-centric, ISO 9001:2015-compliant quality program is agile, scalable, and financially responsible. Our quality program provides stakeholders pragmatic solutions developed by subject matter experts that improve processes, create efficiencies, lower costs, and reduce waste.

CUSTOMER FOCUS
INTREN is an industry leader that delivers custom, innovative, and comprehensive solutions. We develop long-term partnerships while treating our customers’ needs as our own.

DIVERSITY
As one of the largest owned and operated WBEs in the utility contractor sector, INTREN is a first-tier 100% MWBE with a robust second-tier mentoring program and over 60 active registered MWBE companies. Whether it’s through a minority jobs training program or our support of diverse organizations nationwide, INTREN is committed to building excellence through diversity.

ENVIRONMENTAL SUSTAINABILITY
INTREN has made significant strides in measuring and reducing our impact on the environment. We’ve also begun to make long-term investments in technology and techniques that reduce emissions, and are dedicated to staying ahead of customer demands. From purchasing 50% renewable clean energy to utilizing eco-friendly vehicles and non-potable water for boring, INTREN has turned commitment into action!

INTREN’s crews are ready to provide underground services—and more—to you. Just call 815.923.2300 or email your INTREN representative to get started.

OutPerforming. Everyday.
